Equi Volunteers Programme
Information Sheet

The Equi Volunteers Programme gives volunteers from a range of different background an opportunity to support the mission of Equi. Currently there are two streams in the programme: Policy and Research, and Communications and Engagement, but we may also accept applications to support other parts of our work.

Volunteer positions at Equi are not remunerated. Volunteers usually contribute remotely, so a computer and a reliable Internet connection are required.

All appointments will be subject to the successful passing of vetting clearances.

How to apply?

In order to be considered for a place in the programme, please complete the application form and return it, with a CV (maximum 2 sides of A4) to apply@equi.org.uk.

For a position in the Policy and Research stream, please also submit a sample piece of writing (previously published blog post, op-ed, university essay or similar).

For a position in the Communications and Engagement stream, please include a sample piece of work (such as previous work on a website, social media account or layout/design for a publication), if available.
